# MOBILE RUINED BY TERRIFIC STORM

## PENSACOLA SUFFERS A LIKE FATE

### HUNDREDS OF PEOPLE MAY BE DEAD.

### Entire Business District of Mobile Under Seven Feet of Water.

### STATE TROOPS IN CONTROL

SCORES OF THE BEST BUILDINGS IN MOBILE ARE DESTROYED. THOUSANDS OF BALES OF COTTON SWEPT OUT TO SEA BY STORM—WORST STORM IN HISTORY OF PENSACOLA—NOT A HOUSE IS LEFT ON THE WATER FRONT FOR 10 MILES—NAVY-YARD DAMAGED AND WARSHIPS PROBABLY LOST—PROPERTY LOSSES WILL REACH INTO THE MILLIONS—TELEGRAPHIC COMMUNICATION PARALYZED—PROVISIONS RUNNING LOW AND THERE IS DANGER OF STARVATION.

Mobile, Ala., Oct. 1.—(Via Meridian, Miss.)—Loss of life, variously estimated at from five to 50 persons, many people injured, 5,000 houses damaged, the business quarter devastated and a property loss of fully $3,000,000, is the effect of a tropical hurricane of the last 48 hours on the city of Mobile.

The storm struck Mobile Wednesday night at midnight and raged for many hours, the wind reaching a velocity of 90 miles an hour. Water from Mobile bay was blown into the city by a gale, and for a time stood 7 feet deep in the wholesale quarter from Royal street to the Alabama river.

The loss of life is believed to be mainly among negroes, although conditions are so chaotic that information is indefinite.

Every church in the city has suffered, though Christ church and St. Francis Street Baptist church suffered more than others. The damage to Christ church is estimated at $40,000, St. Francis Street Baptist church at $10,000.

Mobile's shipping suffered more than anything else. Many of her river boats now are beached or sunken; all complete wrecks. Her docks and those of private corporations are fearfully torn up. The revenue cutter Alert has gone down in Mobile river. She was rammed by some unknown vessel and sank immediately. Her crew is believed to have all escaped.

The city was put under martial law at dark and no person allowed to enter the wholesale business districts. The city authorities were quick to act and, therefore, no disturbances of any sort resulted.

Among the steamers sunken are the river steamers J. P. Smith, Mary, Mary E. Staples, Mary S. Bloss, Emma Overton, Hattie B. Moore, City of Camden, the United States revenue cutter Alert, besides hundreds of smaller vessels.

The wharves from Erascall, the extreme south end of the city, as far up the river as Three-Mile creek, are total wrecks.

This also includes the new Mobile and Ohio docks and the Louisville and Nashville docks.

Telegraphic communication to [illegible] with dense [illegible] of the wire

before two or three days to come.

Nothing has been learned as to the condition of Pensacola, New Orleans or any coast towns. The storm must have been severe at these places, according to the predictions of the local weather bureau.

He claims Mobile was not the center of the storm, that its center passed to the west of the city. The electric light company, street railways and in fact all business has suspended. The Mobile and Ohio railroad was the first road to get out of the city, its first train having left Mobile at 4 a. m. Friday. Numerous saw mills located in the northern and marshy districts have been either washed away by the terrific waves or torn to splinters by the wind. Their lumber and timbers are to be seen scattered over the entire city and floating slowly down the slow falling river.

Harbor steamer James A. Carney, plying between Mobile and the eastern shore, lies beached just across the river and opposite St. Francis street. Its sides are jammed in and its upper structure blown away. Much fear is entertained for Fort Morgan, Ala., where the government quarantine station is located and many soldiers quartered. The chances are that much loss of life has been caused by the storm to those lying on Dauphin Island and other outlying islands, including the marshy district, where many fishermen live.

In the city many people and much live stock were rescued after heroic efforts. Such cases are numerous. Provisions are running low. Restaurants feed many, but have no supplies on hand. Ham and eggs constitute their food supply. These, too, will soon become exhausted. Wholesale houses lost many thousands of dollars from the flood, willingly paid as high as $1.50 an hour for common labor, and earnestly they begged men to accept such pay, so frantic were they in their efforts to save goods. Even at this figure few men, white or black, would accept work.

The railroads have started wreckers out to clean up and repair the tracks. Never before has labor commanded such prices in this city.

The office of the Western Union Telegraph company's floor was 6 feet under water. Its batteries were flooded with water, and it is not known how soon they will be in shape to resume. The Postal Telegraph building, while not quite as low lying, also suffered severely.

**List of the Heavy Losses at Mobile.**

The new Cawthon hotel, just completed, and the Bienville hotel are damaged to the extent of $5,000 each. The Windsor hotel, $5,000; St. Andrews, $3,000; The Southern, $3,000. The Southern Supply company estimate their loss at $100,000.

Among the wholesale houses that have estimated the greatest damage are: Pollock & Bernheimer, wholesale drygoods; the English Manufacturing Wagon company, wagons and buggies; S. Jacobson, drygoods; Dorgan & Young Hardware company; Cunningham Hardware company; Barney Cavanaugh Hardware company; Mobile Drug company, wholesale drugs; E. O. Zadek Jewelry Co.; Draper & Burns, clothing; American Supply company, mill supplies; Christian Supply company; Cleveland Bros., wholesale grain; T. G. Bush & Co., wholesale grocers; James McDonnell Co., wholesale grocers; the Marshall-Lyons Grocery Co.; Muscat & Lott, produce dealers; the Mobile Brewery; the Bienville Brewery; the Dixie Grain Co.; James McPhillips Grocery Co. Besides these many other wholesale houses in the city. The Merchants bank, First National bank and the Lienkauff Banking company establishments were inundated.

At this writing it is impossible to estimate or to describe the loss. There is no way to arrive at an estimate, owing to the disordered state all business at present suffers. All is confusion. The city was astir early Friday morning, however; the water had receded and everybody, armed with buckets and brooms, worked like trojans to rid their shops of water. After this work is finished, then the task of gathering stock and estimating losses will begin. Hundreds of bales of cotton floated through the main streets and were carried out to sea. Cotton not lost in this way was damaged by being soaked with muddy water.

[illegible] from Bay [illegible] miles [illegible] reported [illegible]

down the bay, the wind had a much higher velocity than at Mobile. For two days previous to the storm, reports came of expected high winds. Towns along the Mobile and Bayshore road suffered immensely, owing to their exposed condition. No word of coast towns along the Louisville and Nashville road has reached the city.

Judging from previous storms there is no doubt that many lives have been lost and severe damage experienced, both to residence and business, along the gulf coast. There have been erected many fashionable and modern residences, some costing $20,000 to $30,000.

---

Pensacola, Fla., Oct. 1.—(Via Flomaton, Ala.)—The worst hurricane to visit this city in its history and almost equaling the Galveston disaster, raged here furiously all Thursday night and Friday morning, with a gale still blowing, the city presents a wrecked appearance and the damage is estimated at $5,000,000. The loss of life will be heavy among the mariners, but so far only one body has been recovered, a man named George Morgan, a fisherman. Other bodies are reported along the shore, but have not been recovered.

It is the conservative opinoin that not less than 25 persons perished, though in the chaos existing it is impossible to verify anything.

Commencing at 7 o'clock Thursday night the wind blew at 50 miles for three hours, then increased to 65. From that time until 5 o'clock it remained about 80 and 90 miles an hour. The tides from the bay backed into the city for blocks, destroying homes and making rivers out of streets. When the gale was at its highest and women and children were running frantic about the streets in darkness, the alarm of fire was sounded and this added to the confusion. The fire started in the Pitt mill, near the business district, and horses of the fire department refused to go out in the weather.

With the tin roofs flying about them, trees and wires falling over them, the firemen took their hose wagons by hand and rushed down the streets to the scene and after hours of work controlled the blaze.

Friday afternoon the water front and business district presents a horrible scene.

Fifty or 60 big steamers and sailing vessels were lying in the harbor, and only five or six are there now. They have been driven ashore, and along the water front is a mass of wreckage of steamers, tow boats, launches and sailing craft of all descriptions. Thirty fishing vessels in port have been destroyed or damaged, and the three big fish houses, with their wharfs, are gone. Muscogee wharf and the Commandancia and Tarragona wharves of the Louisville and Nashville railroad are badly damaged. Great iron ships of 200 to 300 tons have been driven, not only ashore, but have gone through houses a block from the water front.

Every house along the water front for a distance of 10 miles has been destroyed and the wonder is that the loss of life is not greater. The tracks of the terminal railway to the navy-yard and Barrancas have all been destroyed, as also the trestles and bridges.

No communication can be had with the navy-yard, but the report is that it has been badly damaged, and there is no doubt that such is the case.

Many business houses from the wharf on Chalifoux street to the Union depot has been unroofed, many plateglass windows broken, stocks badly damaged and wires and poles all mixed up together. There are no electric lights, cars or telegraph or telephone service. The track of the Louisville and Nashville on the Pensacola and Atlantic division, has been washed up for 30 miles, and two engines and cars sent out to the quarantine station have been destroyed.

Eight sailors from the British steamer were in the place and as it went over they clung to the roof and five were washed ashore on this side, the other three being drowned.

---

New Orleans, Oct. 1.—Dispatches of [illegible] at Fort St. Philip, 60 miles below here, on the Mississippi river, were received Saturday by telegraph [illegible]. A portion of the town [illegible] to protect [illegible]

just such tides is reported to have been broken and the magazines flooded. New quarters under process of erection are also reported swept away. Hourly the magnitude of Thursday's storm in Mississippi became more serious Saturday as the interrupted telegraphic communication with that state was resumed in every direction. Town after town in the interior wired here that buildings had been blown down, lives endangered and crops blown flat in the fields.

Simultaneously there arrived an enumeration of an almost unbroken line of wreckage of shipping on the gulf coast in the direction of Mobile. However, all reports of the situation ended abruptly at a point about 50 miles west of Mobile. In addition to the shipping washed ashore on the coast, first reports came in Saturday of vessels wrecked or stranded on the chain of islands out in the gulf which form the Mississippi fingers.

Vessels coming up the river report that they passed floating household goods, though no loss of life was reported.

---

New Orleans, Oct. 1.—Reports of the death of Captain Johnson, keeper of Horn Island lighthouse in Mississippi Sound, and the death of his wife and daughter, were brought here Saturday by the first train into New Orleans from the east over the Louisville and Nashville railroad. In the Mississippi river delta country the damage to Fort St. Philip was reported by two pilots who made a trip up the river, immediately after the storm. They said that backwater from the gulf covered the land in the vicinity of the fort for a distance of 5 miles along the river. At a point 73 miles down the river they said the hurricane tide opened a hole in the Mississippi river levee and it was not until late Thursday afternoon that the gulf water stopped flooding through this break.

The pilots also brought complaints from orange growers that about 50 per cent of the oranges were blown from the trees.

The El Cid reported that on Sept. 24, when 12 miles south of Diamond shoals, a 3-masted schooner was sighted, lying on her starboard side, and that 24 miles south of the shoal a dismasted, water-logged schooner of about 700 tons' displacement, was sighted. Launches have been sent by newspapers and business men from here and Pensacola, and in event of other communication failing, these launches will be used as dispatch boats.

Reports from Hattiesburg, Miss., were that the town had suffered from about $300,000 damage from wind and water. During the latter part of the blow there was such a quantity of wreckage in the streets that few persons attempted to walk about. The fire department was called out in the vicinity of Gordon Creek to rescue women and children imprisoned in their homes by an overflow of the creek. Five buildings were blown down, one of them being a large warehouse. The First National bank was unroofed.

Brookhaven reported that an engine and a caboose, the latter carrying a theatrical troup, ran into a washout on the Mississippi Central railroad, near the town. Five trainmen were injured, three perhaps fatally.

Mobile, Oct. 1.—(Via Meridian, Miss.)—Business was partially resumed in Mobile Saturday. The city is clearing the streets of the debris and the street cars will start Sunday. The Postal and Western Union Telegraph companies are still out of business.

At Coden only one house is left of the little town.

---

Pensacola, Fla., Oct. 1.—The vastness of the destruction wrought by the hurricane of Thursday morning is now being realized. Twenty-five are known to have been drowned.

Only four bodies have been recovered. Searching parties are hauling away the [illegible] strewn all along the beach, and although several bodies have been seen the workers have as yet been unable to reach them.

Looters followed in the wake of the hurricane and [illegible] are on guard. Calls for charity have been made to assist the poor and needy

### CUBAN FLAG IS STILL FLYIN

**Provisional Governor Taft Will Ke Cuban Government Intact and R linquish Reins Only When the land Is Satisfied With Executi Officers.**

Havana, Oct. 1.—An Americ provincial government assumed [illegible] session of Cuba Saturday when Secretary Taft's proclamation declari himself provisional governor of t island was formally issued. The pro lamation was published in the offici Gazette and thousands of printed co ies of the document were distribut in Havana and elsewhere.

The terms of the proclamatio caused general satisfaction, especial on account of the moderate terms which it is phrased, its stateme that the provisional government Cuba is undertaken on account the necessity of the situation and promise that the provisional gover ment will be maintained purely f the purpose of restoring peace, ord and public confidence until a perm nent government is established. N one appears inclined to doubt the goo intentions of the president and h representatives, and there is no a prehension of any serious trouble resistance to the provisional gover ment in any part of Cuba.

No disturbance of any kind o curred Friday night. The busine interests here are gratified at t change of government. A striki feature of the provisional governme is the fact that the Cuban flag h not been lowered. This establishes precedent in provisional governme and protectorates.

Governor Taft's proclamation w as follows:

"To the People of Cuba: The f ure of congress to act on the irre cable resignation of the president the republic of Cuba or to elect successor leaves the country with a government at a time when gr disorder prevails and requires th pursuant to the request of Mr. P ma, the necessary steps to be tak in the name and by the authority the president of the United States restore order and protect life property in the Island of Cuba the islands Keyes adjacent ther and tor this purpose to estab therein a provisional governme The provisional government her established will be maintained o long enough to restore order, pe and public confidence by direction and in the name of the president the United States, and then to such elections as may be neces to determine on those persons w whom the permanent government the republic should be devolved, so far as is consistent with the ture of a provisional government tablished under the authority of United States, this will be a Cu government, conforming with the stitution of Cuba. the Patrons of the Public Sool:

At the teachers' meeting last Stur- y the plans for the present sion the University High Scho rere cussed and agreed upon. Nday, work of organization was prti- lly completed, and the regulr work the school begins this morni an- r most favorable auspices.

I desire to call your attentio t the ollowing announcements, regulaons, c., and to solicit your hearty c-op- ration in carrying them out to the nd, that, all working together, wmay make this, for all concerned, thmost profitable and pleasant year in te history of the school. There is noeason why it should not be so; the are many good reasons why it shoulbe so. Please note:

1. The daily session will ben at 8:15 a. m. The first bell will ng at 7:45 to announce that the doo will open in 30 minutes. The secon bell will ring at 8:15. Pupils who a not in their rooms by 8:25 will be rked tardy. Pupils should not st to school before the ringing of th first bell; they should be on the hool grounds by the time of the secon bell. Parents will please see to it tht the children leave home just in tie to reach the school building b-twen 8 and 8:15.

2. The morning session clos at noon, and the afternoon session gins promptly at 1 p. m. The bell wi ring at 12:45. Children who go hon for dinner should start for school pmptly at the ringing of the bell. upils who get to school after 1 p. m. wl be accounted tardy.

3. The daily session, for all upils whose department is good an who have faithfully prepared their lsons, will close as follows:

Grades I and II, noon; Grad III, 2 p. m.; Grade IV, 2:15 p. m.; rade V, 2:30 p. m. All upper grade 2:45 p. m.

Pupils in all grades above thsecond, whose conduct or lessons fr the day has not been satisfactory, wl be kept thirty minutes longer for udy.

To get the best out of the hool pupils must be regular and puntual in attendance. To secure thes results, the home and school must ork together. Our aims are identica our purposes are one—the best we c do for the children. We must not work at cross purposes, but with the fllest and clearest understanding and i mutual confidence.

The principal will be glad at an and all times, during school hours, to see and consult with parents in regard to the welfare and interests of their children. Parents are urged to visit the school, to feel free to complain to the principal when things do not go right, and to express their appreciation to the teachers when things do go right. Teachers need and appreciate the support and sympathy of the parents.

There will doubtless sometimes arise matters needing attention that, escaping the eyes of principal and teachers, may reveal themselves to patrons. The principal will take it as a favor if he is notified promptly of such. In short let us have the fullest understanding, one with another, and mutually co-operate to make the school what it ought to be.

Sincerely yours,
TOM F. MCBEATH, Principal.

## SUNDAY'S UNION SERVICE.

A Large Crowd Present to Hear Sermon of Dr. Andrew Sledd.

The union or welcome service at the First Presbyterian Church Sunday evening, at which Dr. Andrew Sledd, President of the University of Florida, delivered the sermon, was well attended, the church being crowded to its fullest capacity.

A special space was reserved for the faculty and students of the University, and more than fifty of them attended the service.

Rev. Thos. P. Hay, the pastor, made the opening address of welcome to the faculty and students, after which Dr. Sledd delivered an eloquent and impressive sermon, the text of which was I Kings, 2:2: "I Go the Way of All the Earth; Be Thou Strong Therefore, and Show Thyself a Man."

During the sermon the closest attention was paid to the speaker, who seemed at his best upon this occasion.

### A Young Mother at 70.

"My mother has suddenly been made young at 70. Twenty years of intense suffering from dyspepsia had entirely disabled her, until six months ago, when she began taking Electric Bitters which have completely cured her and restored the strength and activity she had in the prime of life," writes Mrs. W. L. Gilpanrick of Danforth, Me. Greatest restorative medicine on the globe. Sets stomach, liver and kidneys right, purifies the blood, and cures malaria, billiousness and weakness. # PUBLIC SCHOOL OPENS WITH FINE PROSPECTS

Over 400 Pupils Were Enrolled On the Day of Opening.

MOST IMPRESSIVE CEREMONIES

In the Auditorium—Meeting Opened With Singing of America, Followed by Prayer and Several Talks by Prominent Citizens.

School opened Monday morning promptly at 9 o'clock, with an attendance of over 400 pupils.

Many patrons were in attendance. The scene from the stage—the sea of bright, happy, earnest faces, was a sight long to be remembered.

The exercises were opened by the singing of "America," in which over 400 voices joined. After this, Rev. T. J. Nixon read the parable of the ten talents, which was followed by an earnest, inspiring prayer by Rev. T. P. Hay. The principal then introduced Dr. Kelley, our efficient county superintendent, who made a most effective and pleasing address. He was followed by Col. W. W. Hampton on the part of the District School Board, who gave a most impressive and helpful talk. There were present also on the stage Rev. F. H. Craighill and J. H. Vidal of the District School Board.

After a short address by the principal, the pupils were marched to their rooms and the work of classification and organization began, which was finished about 12:30.

It was on the whole a most auspicious opening. The first day's attendance is the largest ever known. The teachers are all enthusiastic over the outlook.

The Sun will publish each Sunday morning interesting notes of the week's work.

# L. T. COOPER STIRS UP MOUND CITY

St. Louis Seems Keenly Interested in Young Man.

EASTERN REPORTS PROVEN

Philanthropist's Medicines Have Evidently Done All Claimed for Them and Thousands of People Are Calling Upon Him Daily.

St. Louis, Oct. 1.—This city is at present in the midst of an excitement beyond anything that it has experienced in recent years.

Old and young, rich and poor, all seem to have become beside themselves over an individual who was a stranger to St. Louis until two weeks ago.

The man who has created all this turmoil is L. T. Cooper, president of the Cooper Medicine Co., of Dayton, Ohio, who is at present introducing his preparations in this city for the first time.

Cooper is a man about thirty years of age, who has acquired a fortune within the past two years by the sale of some preparations of which he is the owner.

Reports from Eastern cities that preceded the young man here were of the most startling nature, many of the leading dailies going so far as to state that he had nightly cured in public places, deafness of years' standing with one of his preparations. The physicians of the East contradicted this statement, claiming the thing to be impossible, but the facts seemed to bear out the statement that Cooper actually did so.

In consequence people flocked to him by thousands and his preparations sold like wildfire.

Many of these stories were regarded as fictitious in St. Louis, and until Cooper actually reached this city little attention was paid to them. Hardly had the young man arrived, however, had he begun demonstrations, as he calls them, in public, and daily met people afflicted with deafness, and with a single application of one of his preparations actually made deaf people hear again.

In addition to this work Cooper advanced the theory that stomach trouble was the foundation of nine out of ten diseases, and claimed to have a preparation that would restore the stomach to working order, and thus get rid of such troubles as rheumatism and affections of the kidneys and liver in about two weeks' time.

This statement seems to have been borne out by the remarkable results obtained through the use of this preparation, and now all St. Louis is apparently mad over the young man.

His headquarters resemble a veritable stampede. Thousands of people are visiting him each day, and the druggists are selling his medicines in enormous quantities.

What seems to make Cooper still more popular is the fact that he practices extensive charitable work, and has already dispensed a small fortune among the poor people of this city.

How long the tremendous interest in Cooper will last is hard to estimate. At present there seems to be no sign of a let-up. Physicians claim it to be a fad that will die out as soon as Cooper leaves.

In justice to him, however, it must be said that he already seems to have accomplished a great deal for the sick of this city with his preparations.

### Dissolution Notice.

The undersigned beg to announce to the public that the late law firm of Thomas & Ellis, formerly existing in Gainesville, Florida, for the purpose of practicing law, has been dissolved by mutual consent, and that individual members thereof will hereafter continue in the practice of law separately.

C. C. THOMAS,
T. B. ELLIS, Jr.

### Too Valuable to Lose.

Mrs. Clinton Streeter—John, wake up! The cook is screaming "Burglars!" Mr. Clinton Streeter—Great Scott! I'll go right down. Mrs. C. S.—No, don't; they might shoot you. Mr. C. S.—That's a small risk to take. My goodness, woman, suppose they should steal the cook!—Kansas City Independent.

## DR. POST'S RETURN

Was for Many Years a Prominent Promoter and Business Man Here.

Dr. J. H. Post, for several years a prominent resident, real estate man and merchant of this city, but more recently of Atlanta, Ga., and Portland, Ore., has arrived in Gainesville and will remain here for several months on business.

In his time no man was more widely known in Gainesville and Alachua county. He was a moving spirit, and worked on extensive lines, accomplishing a great deal of good for this section. He is the founder of the village of Paradise, five miles north of this city, which is an important point on account of its naval stores interests. For several years the McDonald Lumber Company also operated extensively there.

Friends of Dr. Post are glad to see him again, and trust that, since Gainesville is growing rapidly, he will decide to make his permanent home here again.

## BAIRD MILL IS BUSY.

Large Force Working Full Time Manufacturing Boxes and Baskets.

One of the busiest places in this section at this season of the year is the mill and crate factory of E. J. Baird, South Gainesville. A large force of men and boys are engaged there in the manufacture of orange boxes and lettuce baskets, and the demand already is something enormous.

Mr. Baird stated Saturday that the planters and orange growers are anticipating a tremendous yield the coming season. This is particularly true of lettuce, as it is estimated that thousands of baskets of this choice vegetable, of which Alachua county is the center for Florida, will go forward the coming season.

The growers throughout the Gainesville section are busy with the diversified fall crop now.

### An Awful Cough Cured.

"Two years ago our little girl had a touch of pneumonia, which left her with an awful cough. She had spells of coughing, just like one with the whooping cough and some thought she would not get well at all. We got a bottle of Chamberlain's Cough Remedy, which acted like a charm. She stopped coughing and got stout and fat," writes Mrs. Ora Bussard, Brubaker, Ill. This remedy is for sale by all druggists.

### Frank Richardson Gone.

Frank Richardson of the W. T. Hadlow Company, Jacksonville, who has been here for the past ten months superintending the construction of the buildings of the University of Florida, having finished temporarily his labors, left Saturday for Jacksonville. From Jacksonville on Sunday he took the Clyde Line for New York, and after a brief stay in the Metropolis will proceed to Hartford, Conn., where he will join his wife, who has been in that city for the summer. During his stay here Mr. Richardson made many friends. He is possessed of that clever, sociable manner which must make acquaintances and friends wherever he may happen to be. He has other work to do here, but this was not absolutely necessary at this time, hence he decided to postpone the same until some time in November or December.

### Nothing to Fear.

Mothers need have no hesitancy in continuing to give Chamberlain's Cough Remedy to their little ones, as it contains absolutely nothing injurious. This remedy is not only perfectly safe to give small children, but is a medicine of great worth and merit. It has a world wide reputation for its cures of coughs, colds and croup and can always be relied upon. For sale by all druggists.

### $40,000 For Portrait.

New York, Oct. 1.—A cable dispatch to the Herald says that according to the Vienna correspondent of the Berliner Tageblatt, the brothers Bargula Von Salvadori of Trentino have sold to an American a portrait by Titian of Cardinal Christopher Madruzzo, bishop of Trentino. The price named is $40,000. The portrait is life size and is not in very good condition, as the colors of the face have suffered by ill advised retouching. It is one of Titian's finest works.

## Treating Wrong Disease.

Many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous exhaustion or prostration, another with pain here and there, and in this way they all present alike to themselves and their easy-going and indifferent, or over-busy doctor, separate and distinct diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only *symptoms* caused by some uterine disease. The physician, ignorant of the *cause* of suffering, encourages this practice until large bills are made. The suffering patient gets no better, but probably worse, by reason of the delay, wrong treatment and consequent complications. A proper medicine like Dr. Pierce's Favorite Prescription, *directed to the cause* would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native medicinal roots and is perfectly harmless in its effects *in any condition of the system.*

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nervine "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea, St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.

### Line Is Drawn On W. R. Hearst.

New York, Oct. 1.—Mayor McClellan give out a statement Friday afternoon in which he said he would not vote for Hearst for governor. Calling the city hall reporters into his office, the mayor said: "As I said yesterday, I am a Democrat and accept the action of the Democratic convention. I will be a Democrat when my party has a name, but as a Democrat and as mayor of this town I am unalterably opposed to Charles W. Murphy and to everything that he stands for. I recognize the humiliation I must endure in common with other Democrats. Nevertheless I will vote the ticket of my party in this state, but never for William R. Hearst. Him I will not vote for."

### Wounds, Bruises and Burns.

By applying an antiseptic dressing to wounds, bruises, burns and like injuries before inflammation sets in, they may be healed without maturation and in about one-third the time required by the old treatment. This is the great discovery and triumph of modern surgery. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries causes them to heal very quickly. It also allays the pain and soreness and prevents any danger of blood poisoning. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering such injuries entail. For sale by all druggists.

### Stole Valuables Worth $5,000.

New York, Oct. 1.—Well dressed, a sneak thief visited the Madison, N. J., residence of David Taylor, the vice president of the Coal and Iron National bank, of New York, on Wednesday and stole valuables worth $5,000. The family was away and only servants were in the house. The man rang the bell and told the servants he was sent from a department store in Manhattan to take measurements for some hangings which were to be furnished. He was allowed to enter and departed in a half hour or so. It was not until the family returned Friday that the fact that the house had been robbed was discovered.

### Doctors Said He Would Not Live.

Peter Fry, Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, the doctors advised me if I had any business to attend to, I had better attend to it at once, as I could not possibly live another month, as there was no cure for me. Foley's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it, and after taking three bottles I began to get better, and continued to improve until I was entirely well." ## FIVE KILLED IN WRECK.

### Serious Smashup Occurs On Pennsylvania Railroad.

Philadelphia, Oct. 1.—The express train on the Pennsylvania railroad, which left New York at 7:30 a. m. Saturday, ran into the rear of the Trenton express for Philadelphia at Eddington, Pa., 19 miles north of this city. Nothing is known of the extent of the accident, but the Pennsylvania railroad has called on the city authorities for all ambulances available.

A later report is to the effect that five persons were killed and only 15 to 20 injured. The wrecked train was the Long Branch express for Philadelphia. It had stopped a few hundred yards north of the Eddington station to repair damages to the brakes, and while it was standing still the New York express came thundering along at a mile a minute speed and crashed into the rear with terrifying force.

### A Most Worthy Article.

When an article has been on the market for years and gains friends every year, it is safe to call this medicine a worthy one. Such is Ballard's Horehound Syrup. It positively cures coughs and all pulmonary diseases. One of the best known merchants in Mobile, Ala., says: "For five years my family has not been troubled with the winter coughs. We owe this to Ballard's Horehound Syrup. I know it has saved my children from many sick spells." Sold by W. M. Johnson.

### Sheriff Hodges Is Killed.

Blakely, Ga., Oct. 1.—The sheriff of Early county, W. D. Hodges, was accidentally run over by Flowers Brothers' log train at Jakin, Ga., and died in about two hours. He was a brave and faithful officer and his many friends deeply regret the sad accident. He leaves no family.

## HAD NOT WALKED FOR 11 MONTHS

Terrible Sore on Ankle Caused Awful Suffering—Could Not Sleep nor Rest—Physician Said Leg Would Have to Be Amputated.

CURED BY CUTICURA IN SIX WEEKS

"I had a terrible sore on my ankle and had not walked any for eleven months. I tried nearly everything without any benefit and had a doctor, but he didn't seem to do any good. He said I would have to have my leg taken off, and that I would never walk again. I suffered awful, and at night I could not sleep at all. I thought there was no rest for me, but as soon as I began to use Cuticura Soap and Ointment it commenced healing nicely. I bathed the ankle with warm water and Cuticura Soap and then applied Cuticura Ointment to the affected part, and laid a cloth over the sore to hold it in place. After two weeks I could walk around in my room real good, and in six weeks' time my ankle was entirely cured and I was walking around out of doors. I am enjoying perfect health and have gone to work and feel as well as I ever did in my life, so I know that the Cuticura Remedies are the best in the world.

"Cuticura was recommended to me by a lady who had used it when her baby's head was so full of sores he could not lie down. She had to set him up in her arms to sleep. (signed) Mrs. Mary Dickerson, Louisa, C. H. Va., April 22, 1905."

COMPLETE TREATMENT

Consisting of Cuticura Soap Ointment and Pills

May now be had for one dollar. A single set is often sufficient to cure the most torturing, disfiguring, itching, burning, and scaly humors, eczemas, rashes, and irritations, with loss of hair, from infancy to age, when all other remedies and even the best physicians fail.

Cuticura Soap, Ointment, and Pills are sold throughout the world. Potter Drug & Chem. Corp., Boston. Send for "How to Cure Skin Diseases," 64 pages, illustrated, and 100 testimonials.

## THE PROPER SPIRIT.

e better element of negroes ost the South would practice s breathed in the following adopted at a mass meeting loured people in Griffin, Ga., hose would get along amica- work for the advancement of each other. A dispatch from Griffin, under date of September 28th, says:

The better class of negroes of this community have issued a card to the public offering co-operation in stopping crime that leads to such affairs as the recent one in Atlanta, and calling on the better members of the colored race to give aid. In part they say:

"We believe that the South offers the best advantages for the negro and we deprecate anything which has a tendency to destroy the peaceful relation which should exist between us.

"Therefore, we, the undersigned, do denounce in no uncertain terms the foul, inhuman and brutish attacks upon Southern womanhood, and that we pledge to the authorities our unlimited support in hunting down the criminal and ridding our community of the same.

"We insist that the civil authorities be assured that the best negroes of Griffin deplore the crime and are for law and order. We are ready at all times to render any service, which would make our community a model one.

"We implore the city authorities to abolish all places where vice and immorality are bred. We especially mention the pool room for the colored of Griffin. This place lures the boy from his work, makes him unreliable and implants into him low ideals.

"We further recommend that the city council enact and enforce stringent measures against needless and promiscuous congregating of negro boys and girls in and about the depot at train hours, making the place a nuisance.

"We also urge the rigid enforcement of the vagrancy law, that will rid our streets of these loafers, as it is this class who menace our peace.

"With the assurance of our support toward law and order, which we regard as our imperishable duty, we would enlist the sympathy and Christian consideration of our white friends in our efforts to become a people loved and respected in the land where our lot is cast."

## SOUND TIMBER.

The Sun was the first paper in the State to announce for Dr. E. S. Crill of Palatka for the next Governor of Florida, and though several papers have "seconded the motion" none is more appreciated than the following from Hon. Albert M. Williamson's Jacksonville Floridian:

"While talking about gubernatorial candidates, both standing and special, we ask again, 'What's the matter with DR. CRILL?'

"We have thought a great deal recently of available 'timber' for this position.

"Dr. Crill has been prominently before the people of Florida in different capacities for more than a quarter of a century. No corrupt or dishonest act stains either his public or his private life. He has been and is still a successful man in business, and those who know him best, with one accord, will always tell you 'HE'S ALL TO THE GOOD!'

"So without any 'tearing the azure robes of night,' and 'setting the stars of glory,' without any fawning and flattering, but just as a plain, blunt man who is not in the habit of 'flying off the handle,' and who can always be depended upon to do the safe, honest and proper thing, don't all speak at once, but tell us, 'What's the matter with Dr. Crill?'

"Our own private opinion is that if he decides to enter the contest the man who can beat him will have to be a good one, and will know that he has been 'running some' when he has 'finished his race.'"

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address:

## 18,000,000 Union Laborers.

New York, Oct. 1.—A report of the state department of labor, just issued, states that there are now upwards of 18,000,000 wage workers in labor unions, one-fourth of whom are in the United States. Great Britain and Germany each have nearly as many unionists as the United States, but the countries in which the movement is comparatively new, Austria, Hungary, Italy, etc., are now making rapid progress.

## Often The Kidneys Are Weakened by Over-Work

### Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

SCROFULA AN INHERITED MISFORTUNE

Every one has a hereditary right to a pure blood supply, which insures a strong, healthy body; but how many do we see who have inherited the greatest of all misfortunes, Scrofula, and are struggling under a legacy of disease and suffering? Scrofula is a constitutional trouble handed down from parent to child, a curse from generation to generation as long as the scrofulous matter is allowed to remain in the family blood. As the very foundation of the blood is diseased we see this awful affliction manifested in many ways, such as enlarged glands or tumors about the neck, which often burst and become discharging ulcers, weak eyes, chronic Catarrh of the head, skin diseases, etc. This blighting disease being so firmly intrenched in the blood often attacks the bones, resulting in White Swelling, or hip disease, while a pallid, waxey appearance of the skin, loss of strength, and often lung affections show that the disease is entirely destroying the rich, nutritive qualities of the blood. There is but one way to cure Scrofula and that is to purify the blood and rid it of the germs of disease, and for this purpose nothing equals S. S. S. Its purifying and building-up properties make it the ideal remedy for Scrofula. S. S. S. searches out and destroys all poisons and germs, gives strength, richness and vigor to the weak, polluted blood and cures Scrofula permanently. S. S. S. is a purely vegetable medicine, made from roots, herbs and barks and may be taken with absolute safety by young or old. It so thoroughly removes the poison from the blood that no signs of it are ever seen again and posterity is blessed with a pure blood supply. Book on the blood and any medical advice desired without charge.

ARTICLE XXIX.

That Section nine (9) of Article five (5) of the Constitution of the State of Florida be and the same is hereby amended so as to read as follows, viz:

"Section 9. The salary of each Justice of the Supreme Court shall be four thousand ($4,000.00) dollars a year. The salary of each Circuit Judge shall be three thousand five hundred ($3,500.00) dollars a year."

That the foregoing amendment to Section 9 of Article V of the Constitution is hereby agreed to and the same shall be submitted to the electors of the State for approval or rejection at the next general election of representatives as required by Section 1, Article XVII of the Constitution.

Approved May 31st, 1905.

ARTICLE XXX.

That the following amendment to Article V of the Constitution of the State of Florida, relative to the Judiciary Department to be numbered, section 39 of said Article V, be and the same is hereby agreed to and shall be submitted to the electors of the State at the general election to be held on the first Tuesday after the first Monday in November, A. D., 1906, for ratification or rejection, to-wit:

Section 39. That annual salary of the Judge of each of the Criminal Courts of Record now, or hereafter to be, established shall be paid quarterly by the county where such court is established, and shall be as follows: In counties of less than fifteen thousand population, one thousand dollars; in counties of from fifteen thousand population, one thousand dollars; in counties of from fifteen thousand to twenty-five thousand population, fifteen hundred dollars; in counties of from twenty-five thousand to thirty-five thousand population, two thousand dollars; and in counties of more that thirty-five thousand population, twenty-five hundred dollars, hereby repealing any and all parts of the said Constitution in conflict herewith.

Approved June 8, 1905.

ARTICLE XXXI.

That the following amendments to Article V of the Constitution of the State of Florida, relative to the Judiciary Department, to be numbered Sections 40, 41, 42, 43, 44, 45, 46, and 47, of said Article V, be and the same are hereby agreed to and shall be submitted to the electors of the State at the general election to be held on the first Tuesday after the first Monday in November, A. D., 1906, for ratification or rejection, to-wit:

Section 40. There shall be established in the county of Escambia, whenever the voters of said county shall so determine by a majority of the votes cast, on the question at any general election, a court of record and there shall be a judge of said court who shall be appointed by the Governor and confirmed by the Senate, who shall hold his office for six years and whose salary shall be two thousand five hundred dollars a year, payable quarterly by the county of Escambia. The criminal court of record now established in Escambia county shall, upon the adoption of these amendments, become and be the court of record as herein provided and all officers of such criminal court of record shall be officers of such court of record and discharge the duties and receive the emoluments of such until the expiration of their present term of office.

Section 41. The said court and Judge shall have exclusive original jurisdiction of all criminal cases, not capital, which shall arise in Escambia county, and shall have in Escambia county, concurrent with the Circuit Court and the Circuit Judge of said county, the same original jurisdiction of all other cases and matters as the circuit court and circuit judge of said county and the same power to issue writs of mandamus, injunction, quo warranto, certiorari, prohibition, habeas corpus and all writs proper necessary to the complete exercise of their jurisdiction as the circuit court and circuit judge of said county, except the power and authority to summon and empanel a grand jury.

Section 42. There shall be six terms of said court in each year.

Section 43. There shall be for said court a prosecuting attorney who shall be appointed by the Governor and confirmed by the Senate and who shall hold his office for four years. His compensation shall be fixed by law.

Section 44. All offenses triable in said court shall be prosecuted upon information under oath to be filed by the prosecuting attorney, but the grand jury of the circuit court for said county may indict for any offence triable in the court of record. Upon the finding of such indictment the circuit judge shall commit or bail the accused for trial in the court of record, which trial shall be upon information.

Section 45. The clerk of said court shall be elected by the electors of Escambia county and shall hold office for four years and his compensation shall be fixed by law. The sheriff of Escambia county shall be the executive officer of said court, and his duties and fees shall be fixed by law.

Section 46. The same rule of procedure and practice which obtain in the circuit court of the county shall obtain in the court of record, and all laws relative to criminal courts of record, except as otherwise provided herein, shall apply to and control the court of record. Change of venue may be had from the court of record to the circuit court of another county for the same causes, and under the laws providing for changing the venue from circuit court of one county to the circuit court of another county. The Governor may, in his discretion, order the circuit judge of Escambia county or of any other county to hold one or more terms or parts of terms of the court of record. Any civil cause in the court of record may be tried before a referee, or in case of the disqualification of the judge of the court of record, may be tried by a judge ad litem, or may be transferred to the circuit court of Escambia county or of ony other county, in the same way and according to the same provisisons as govern such proceedings in the circuit court of Escambia county.

Section 47. The Supreme Court of the State shall have appellate jurisdiction in all cases at law and in equity originating in the court of record, and in cases of conviction of felony in the court of record. The circuit court of Escambia county shall have final appellate jurisdiction of all misdemeanors tried in the court of record. All appeals or writs of error prosecuted from the court of record, whether to the Supreme Court or Circuit Court, shall be prosecuted in the same way and according to the same rules as govern such proceedings from the Circuit Court to the Supreme Court.

Approved June 6, 1905.

ARTICLE XXXII.

That the following amendment to Article XVII of the Constitution of the State of Florida be, and the same is hereby agreed to and shall be submitted to the electors of the State at the general election in 1906 for ratification or rejection:

Section 1. Either branch of the Legislature, at a regular session thereof, may propose amendments to this Constitution; and if the same be agreed to by three-fifths of all the members elected to each house, such proposed amendments shall be entered upon their respective Journals with the yeas and nays and shall be published in one newspaper in each county where a newspaper is published, for one month immediately preceding the next general election of Representatives, at which election the same shall be submitted to the electors of the State, for approval or rejection. If a majority of the electors voting upon the amendments at such election shall adopt the amendments the same shall become a part of the Constitution. The proposed amendments shall be so submitted as to enable the electors to vote on each amendment separately. All amendments adopted at the election at which this is submitted or heretofore adopted by the electors are hereby declared a part of the Constitution from the date of the adoption of the same.

Approved June 6, 1905.

The votes cast in compliance with said proposed amendments, and the canvass, declarations and returns thereof, shall be subjected to the same regulations and restrictions as are provided by law for general elections in the State of Florida.

In testimony whereof, I have hereunto set my hand and affixed the great seal of the State of Florida, at Tallahassee, the capital, this first day of August, A. D., 1906.

# The Cleanest Chew Made!

Schnapps

If you could see how SCHNAPPS is made and sniff the delightfully appetizing aroma of the thoroughly cured, well matured tobacco of which it is made, you would discover the reasons for the big difference between SCHNAPPS and its imitators.

SCHNAPPS is clean! The Reynolds factories are as clean as the cleanest kitchen—the tobacco in manufacture is scarcely touched by human hands—with special machinery to cleanse the leaf and produce clean chewing tobacco.

When such scrupulous care is taken with the choicest selections of tobacco from America's finest chewing tobacco districts, can you wonder that SCHNAPPS is so satisfying, so pure, so appetizing and wholesome—so different from chews that pretend to be as good? Expert tests prove that this superior tobacco requires and takes a smaller amount of sweetening than any other kind—and has a wholesome, stimulating and satisfying effect on chewers.

Be sure the letters on the tag and under the tag spell *S-c-h-n-a-p-p-s*. The Reynolds Company is under the direction of the same men who have managed it since 1875, and who have made the chewing tobacco business a life-study.

There are plenty of plugs that look like Schnapps, without the same satisfying chewing qualities.

### Pigmy Placed In Orphan's Home.

New York, Oct. 1.—Ota Benja, the African pigmy who has been exhibited at the New York Zoological park for some time, has finally been taken away as the result of the protest of negroes here. The pigmy has been installed in Howard Negro Orphan asylum, in Brooklyn. There it is hoped that by association with the negro children and their instructors, the pigmy may be civilized, so that when he goes back home he will be able to teach his people.

## HAIR NATURALLY ABUNDANT.

### When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs, it allays itching instantly, makes hair glossy and soft as silk. "Destroy the cause you remove the effect." Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

The S. J. Thomas Co.

Gainesville, Florida.

I will meet Thomas' prices on all school books. A. J. Vidal.

We have a few nice driving horses from Kentucky, and anyone wishing a nice driving horse would do well to see us. We must sell to make room for our new car. Crawford & Davis.

Judge Horatio Davis has returned from Mt. Airy, Va., where he has been on a visit of two months to his son, William Davis. Friends are glad to see him home, and glad that he was benefited by the trip.

Sunday's Atlanta Constitution contained a half-tone cut of Miss Jessie Bodiford of this city, who is the guest of Miss Ora Sue Mitchell of Atlanta. Though the picture was rather indistinctly printed Miss Bodiford's friends readily recognized it.

A postal was received yesterday from H. L. Phifer, directing that The Sun be sent to his address at Clarksville, Ga. He states that himself and wife are pleasantly situated and are having a good time, which will be pleasing news to friends here.

F. B Schargus, an experienced German baker, has arrived in the city from Live Oak, and has accepted a position as foreman at R. T. Schafer's Keystone Bakery. He comes highly recommended, and Mr. Schafer was pleased at an opportunity to employ him. Mr. Schafer is now employing four bakers.

It is with pleasure I announce the arrival of Mr. R. O Eagle. Mr. Eagle is a thorough, practical piano man, having learned his trade in the great factory of Knabe Co., and Chas. Steiff, Baltimore. Mr. Eagle will be associated with me, having charge of the tuning department. Any tuning entrusted to his care will be guaranteed to give perfect satisfaction. A. R. HARPER.

Miss Bessie Pillow Brown of Virginia, a music teacher of ability and prominence, is in the city. Miss Brown is a niece of Dr. J. C. R. Brown, the eminent Bible teacher who has been heard for two seasons at the Florida Winter Bible Conference in this city. It was to some extent through the influence of Dr. Clarence E. Browne that Miss Brown was induced to come to Gainesville, and she comes very highly recommended.

### Miss Barco Married.

Miss Edna Barco, the daughter of Mr. and Mrs. B B Barco of this city, was quietly married Thursday evening, at Bartow, to Mr. Fred N Fuller, the assistant stamping clerk of the Southeastern Tariff Association. The announcement of the marriage came as a complete surprise to the friends of the young people They returned to Tampa immediately after the ceremony and are now at home to their friends at their residence on Beach avenue.—Tampa Tribune.

Miss Barco was partially reared in this city, is well known among the young people, and was quite popular. Her numerous friends in this section will learn of her marriage with surprise, but will wish her much happiness.

I will meet Thomas' prices on all school books. A. J. Vidal.

Mr. and Mrs. Fred H. Ford and daughter, Miss May, left yesterday for Micanopy. Miss May has been in ill health for some time, and her parents have taken her to that place for treatment by Dr. Montgomery.

Clerk George Mason of the County Judge's office yesterday issued marriage licenses to Bardey Harris and Minnie Waters of Campville, and H. B. Floyd and Irma Gillette of Waldo. The latter couple was married by Justice Colman in the afternoon of yesterday.

Prof. Jules Eichelberger desires to let the public and his friends in particular know that he has finally severed his connection with Mr. A. R. Harper as tuner and will tune on his own account. He respectfully refers to Messrs. Ludden & Bates, Savannah, Ga., and Ludden-Campbell-Smith Co., Jacksonville, Fla.

I desire to announce that I will give lessons in vocal and piano music at studio in Dr. J. H. Colson's residence, opposite the Graded School, term commencing October 4th. Graduate of Dr. H. Haas of Cologne, Germany, who was musical director at Hollins Institute (Va.) for seven years, and who finished at Leipzig and Berlin conservatories. Special attention given to study of scales, arpeggios, correct phrasing, and studies to develop finger and wrist action, staccato and legato tough. Will be glad to call at any address left at studio, or at Mrs. Foster's residence, 408 West Main street, N. Respectfully, (Miss) BESSIE PILLOW BROWN.

### A Distinguished Party.

Mr. and Mrs. C. N. Atkinson, Superintendent J. B Cutler, Chief Engineer H. A. Shaw and wife, all of this city, and T. J. Schavel of New York, a large stockholder in the Gainesville and Gulf and Tampa and Jacksonville railways, returned Sunday from a trip to Fairfield and other points in Mr. Atkinson's private car. En route home they stopped at the famous English grove, Tacoma, where the owner, D. T. English, presented the party with two large clusters of grapefruit, one bearing twelve, the other thirteen. The English grove is one of the finest in the county, and the crop the coming season promises to be very prolific and the fruit extra fine.

Mr. Schavel left Monday morning on his return to New York. He is well pleased with the progress of the extension of the road, as well as the country through which it will pass.
